

We write today to tell you about a wonderful opportunity at Penn State York to create a legacy to honor Clark Fisher. In his lifetime, Clark was a Penn State engineering graduate, a Penn State parent, and a dedicated Penn State volleyball fan! He was a great example of Penn State pride to those with whom he came in contact.

The Clark Fisher Memorial Award will recognize high achievement for full-time students in the field of study that Clark loved – engineering. The program at Penn State York is the perfect home for this award. It combines the academic excellence of a Penn State engineering degree with the tradition of being a dedicated partner in the local manufacturing community - excellence, dedication, and partner, all being words used to describe Clark.

Whether you are a colleague at PCC, a friend, or a member of the family, Clark touched your life through one of the many ways he lived his to the fullest. Help us celebrate his life by touching the lives of future engineering students and recognizing their successes. You can do this by making a gift to help us establish the Clark Fisher Memorial Award. We are raising \$20,000.00 to endow the award and ensure that it will continue in perpetuity.

Gifts to support this new student award can be in the form of a one-time donation to Penn State York or a pledge to make multiple payments over a period of time, not to exceed five years. Di Hershey, Director of Development at Penn State York, is available to work with you and to answer any questions you might have about the endowment. She can be reached by phone at 717-771-4127, or by e-mail at Give2York@psu.edu. Instructions on how to make your gift are provided below. Gifts to Penn State York are tax deductible.

We are looking forward to making the first award in 2010 and presenting it at the campus' April awards banquet, with PCC representatives and Clark's family in attendance to meet the first of many recipients. Thank you for your consideration and we hope you will join us in making an investment at Penn State York to keep Clark's memory alive and well for years to come.
